

Cerence AI Names Tony Rodriguez as Chief Financial Officer

Décembre 3, 2024

BURLINGTON, Mass., Dec. 03, 2024 (GLOBE NEWSWIRE) -- [Cerence Inc.](#) (NASDAQ: CRNC) ("Cerence AI"), a global industry leader in AI for transportation, today announced that it has appointed Antonio ("Tony") Rodriguez as its Chief Financial Officer (CFO), effective November 29, 2024. As Cerence AI's CFO, Mr. Rodriguez will be focused on accelerating growth, improving operating results, and driving sustainable, long-term value, leading the Company's finance organization, including accounting, tax, FP&A, treasury, facilities, and procurement.

Mr. Rodriguez previously served as a partner of CSuite Financial Partners, a financial executive services firm, during which he served as Chief Financial Officer of The Bouqs Company from 2019 to 2023 and as interim Chief Financial Officer of Cerence AI from June 2024 until becoming an employee of Cerence AI on November 29, 2024.

"Tony has been a strong partner and contributor to the Cerence AI leadership team since joining as interim CFO in June, so he brings a deep understanding of our business to his new, permanent role," said Brian Krzanich, CEO, Cerence AI. "Tony has a proven track record as an accomplished finance executive with experience across a broad range of industries, and I and the Cerence AI leadership team look forward to his continued contributions to our organization."

"I am honored to join Cerence AI permanently at this exciting time for the company," said Tony Rodriguez. "I've had such a positive experience thus far with the finance organization and the global team at large; I am looking forward to digging in even further and supporting the team as we focus on the next phase of growth for Cerence AI."

Mr. Rodriguez has more than 25 years of experience as a financial leader managing all aspects of finance and accounting for both public and private global companies, including in the eCommerce, SaaS, advertising media and consumer marketing industries. Prior to joining CSuite Financial Partners, he served as Chief Financial Officer of TouchCommerce Inc. from 2010 to 2018. He began his career at KPMG LLP, where he serviced international public and private companies in the manufacturing, retail, distribution, and technology sectors as an assurance senior manager. Mr. Rodriguez holds a B.S. in business and accounting from California State University, Northridge.

Forward Looking Statements

Statements in this press release regarding: Cerence's future performance, results and financial condition; expected growth and profitability; outlook; transformation plans and cost efficiency initiatives, including the estimated net annualized cost savings; strategy; opportunities; business, industry and market trends; strategy regarding fixed contracts and its impact on financial results; backlog; revenue visibility; revenue timing and mix; demand for Cerence products; innovation and new product offerings, including AI technology; expected benefits of technology partnerships; and management's future expectations, estimates, assumptions, beliefs, goals, objectives, targets, plans or prospects constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements that are not statements of historical fact (including statements containing the words "believes," "plans," "goal," "anticipates," "projects," "forecasts," "expects," "intends," "continues," "will," "may," or "estimates" or similar expressions) should also be considered to be forward-looking statements. Although we believe forward-looking statements are based upon reasonable assumptions, such statements involve known and unknown risk, uncertainties and other factors, which may cause actual results or performance of the company to be materially different from any future results or performance expressed or implied by such forward-looking statements including but not limited to: the highly competitive and rapidly changing market in which we operate; adverse conditions in the automotive industry, the related supply chain and semiconductor shortage, or the global economy more generally; automotive production delays; changes in customer forecasts; the impacts of the COVID-19 pandemic on our and our customers' businesses; the ongoing conflicts in Ukraine and the Middle East; our inability to control and successfully manage our expenses and cash position; our inability to deliver improved financial results from process optimization efforts and cost reduction actions; escalating pricing pressures from our customers; the impact on our business of the transition to a lower level of fixed contracts, including the failure to achieve such a transition; our failure to win, renew or implement service contracts; the cancellation or postponement of existing contracts; the loss of business from any of our largest customers; effects of customer defaults; our inability to successfully introduce new products, applications and services; our strategies to increase cloud offerings and deploy generative AI and large language models (LLMs); the inability to expand into adjacent markets; the inability to recruit and retain qualified personnel; disruptions arising from transitions in management personnel, including the transition to our new Chief Executive Officer; cybersecurity and data privacy incidents; fluctuating currency rates and interest rates; inflation; restrictions on our current and future operations under the terms of our debt, the use of cash to service our debt; and our inability to generate sufficient cash from our operations; and the other factors discussed in our most recent Annual Report on Form 10-K, quarterly reports on Form 10-Q, and other filings with the Securities and Exchange Commission. We disclaim any obligation to update any forward-looking statements as a result of developments occurring after the date of this document.
