

Cerence Inc. Prices Offering of \$150 Million 3.00% Convertible Senior Notes due 2025

5月 29, 2020

BURLINGTON, Mass., May 29, 2020 (GLOBE NEWSWIRE) -- Cerence Inc. (NASDAQ: CRNC), AI for a world in motion, announced today the pricing of \$150.0 million aggregate principal amount of 3.00% convertible senior notes due 2025 (the "notes") in a private offering (the "offering") only to persons reasonably believed to be qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"). In connection with the offering, Cerence granted the initial purchasers an option to purchase up to an additional \$25.0 million aggregate principal amount of notes. The sale is expected to close on June 2, 2020, subject to customary closing conditions.

The notes will bear interest at a rate of 3.00% per year, payable semi-annually in arrears on June 1 and December 1 of each year, beginning December 1, 2020. The notes will mature on December 1, 2025, unless earlier converted, repurchased or redeemed. Prior to March 1, 2025, the notes will be convertible only upon satisfaction of certain conditions and during certain periods. On or after March 1, 2025, the notes will be convertible at any time until the close of business on the second scheduled trading day immediately preceding the maturity date.

Cerence may not redeem the notes prior to June 5, 2023. On or after June 5, 2023 and on or before the 31st scheduled trading day immediately before the maturity date, Cerence may redeem for cash all or any portion of the notes if the last reported sale price of Cerence's common stock has been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive), including the trading day immediately preceding the date on which Cerence provides notice of redemption, during any 30 consecutive trading day period ending on, and including, the trading day immediately preceding the date on which Cerence provides notice of redemption. The redemption price will equal 100% of the principal amount of the notes being redeemed, plus accrued and unpaid interest to, but excluding, the redemption date. No sinking fund is provided for the notes.

The notes will be convertible at the option of holders, subject to certain conditions and during certain periods, into cash, shares of Cerence's common stock or a combination of cash and shares of Cerence's common stock, with the form of consideration determined at Cerence's election. Holders of the notes will have the right to require Cerence to repurchase all or a portion of their notes at 100% of their principal amount, plus any accrued and unpaid interest, upon the occurrence of certain events. The conversion rate will initially be 26.7271 shares of Cerence's common stock per \$1,000 principal amount of notes (which is equivalent to an initial conversion price of approximately \$37.42 per share of Cerence's common stock). The initial conversion price of the notes represents a premium of approximately 35% over the last reported sale price of Cerence's common stock of \$27.715 per share on May 28, 2020.

When issued, the notes will be Cerence's senior unsecured obligations and will rank senior in right of payment to any of Cerence's indebtedness that is expressly subordinated in right of payment to the notes; equal in right of payment to any of Cerence's liabilities that are not so subordinated; effectively junior in right of payment to any of Cerence's secured indebtedness to the extent of the value of the assets securing such indebtedness; and structurally junior to all indebtedness and other liabilities (including trade payables) of Cerence's subsidiaries.

Cerence estimates that the net proceeds from the offering of notes will be approximately \$144.8 million (or approximately \$169.1 million if the initial purchasers exercise their option to purchase additional notes in full), after deducting the initial purchasers' discounts and estimated offering expenses payable by Cerence. Cerence intends to use the net proceeds from this offering to repay a portion of its borrowings under its senior secured term loan credit facility.

The notes will be sold only to persons reasonably believed to be qualified institutional buyers pursuant to Rule 144A under the Securities Act. The notes and the common stock, if any, issuable upon conversion of the notes are not being registered under the Securities Act, or the securities laws of any other jurisdiction. The notes and the common stock issuable upon conversion of the notes, if any, may not be offered or sold in the United States except in transactions exempt from, or not subject to, the registration requirements of the Securities Act and any applicable state securities laws.

This press release does not constitute an offer to sell or a solicitation of an offer to buy the securities described herein, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.
