Notes to the unaudited Pro Forma Combined Financial Data, page 58

1. Refer to adjustment (B) to remove restructuring expenses that that are directly related to the Spin-Off. You state that "[a]s these costs represent material, nonrecurring costs directly related to the separation, a pro forma adjustment was performed to reverse the costs." Since these costs have been incurred prior to the spin-off, in the year ended September 30, 2018 and interim period ended March 31, 2019, please tell us how this adjustment is in accordance with Rule 11-02)(b)(5) of Regulation S-X.

Key Metrics, page 73

3. Your response to prior comment 4 indicates that your current management has determined the only key performance indicators for Cerence are revenues, operating margins and cash flows from operations. Nuance Communications, your parent company, previously provided key metrics such as net new bookings and recurring revenues,

which appear to

include the Automotive segment that will become Cerence. Further,

Nuance

Communications attributed net new bookings growth to strong bookings

performance in

its Automotive and Enterprise segments in discussion of key metrics in
its fiscal year 2018

Form 10-K. Please clarify whether these measures will be considered
key metrics by

Cerence.
